**U.S.A. Participation in 2015 Algiers International Trade Fair**

The U.S. Embassy in Algiers is proud to participate in the 2015 Algiers International Trade Fair, along with over 30 top American companies, thereby highlighting the importance of the bilateral economic relationship and both countries' commitment to further strengthening economic and commercial ties. The USA Pavilion's exhibits will showcase the expertise of American companies which operate in a wide variety of industries, including pharmaceuticals, healthcare, transport, agriculture and energy.

U.S. firms' technological superiority and quality, as well as their commitment to training and development of know-how, have made them leaders in their sectors. They are here in Algiers for the Trade Fair as testament to their interest in helping develop Algeria's economy.

The commercial ties between the U.S. and Algeria are deep and growing. The April 8 bilateral Strategic Dialogue in Washington D.C., the February 17 meeting in Algiers of the bilateral Trade and Investment Framework Agreement (TIFA) Council, and continuing U.S. support for Algeria's WTO accession all highlight the U.S. government's strong commitment to a robust economic relationship with a key strategic partner.
